Short Introduction of Navigation Research Center

Nanjing University of Aeronautics and Astronautics,

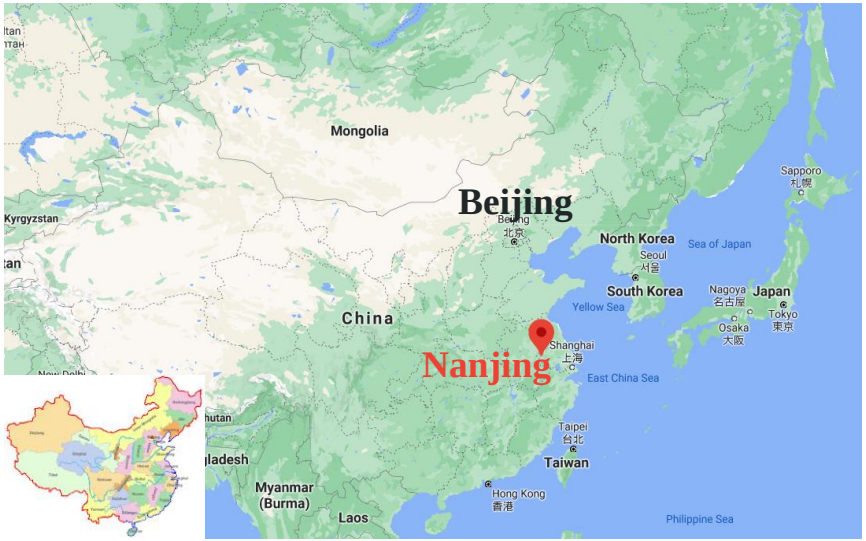
29 Jiangjun Road, Nanjing 211106, China.

Dec 2020

www.nrc.nuaa.edu.cn

City: Nanjing

- Nanjing is now the Capital of Jiangsu province in eastern China. (32° N,118° E)
- Nanjing was the Capital of six Dynasties in ancient China.



University: Nanjing University of Aeronautics and Astronautics (NUAA)

- Established in 1952.
- Located in Nanjing.
- 3 campuses:
  - *Ming Palace* Campus
  - *Jiangjun Rd.* Campus (NRC is here)
  - *Tianmu Lake* Campus
- 17 colleges
- Total students 29000

Undergraduates 15000，graduates 10000, International Students 1000

Ming Palace Campus

Jiangjun Rd. Campus

Tianmu Lake Campus

NRC is here

17 colleges

Navigation Research Center (NRC)

NRC was founded in 1960, a part of the College of Automation Engineering, NUAA.

- United Navigation Research Center, NRC & Hong Kong Polytechnic University, in 1998.
- Joint research center of navigation, guidance and control of autonomous vehicles for condition assessment of critical systems, NRC & University of Southern California, in 2015.

Focus on Navigation and Transport Technology for Vehicles and Robots

Teachers: 12 (5 professors) | PhD students: 20 | Postgraduates: 70

Navigation Research Center (NRC)

Main Research fields

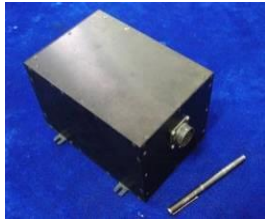
- Inertial Navigation System (INS)
- Satellite Navigation System
- Integrated Navigation System
- SLAM (Simultaneous Localization and Mapping)
- Cooperative Navigation for Multi-Robot
- Brain-inspired Navigation

Design of Navigation System

- Micro-UAV, Robots, Pedestrian…

Navigation Testing lab

Satellite Navigation lab

Motion Capture System lab


UAV lab
